

Main P. O. Box 1513

26 October 1954

Dear Ham:

STAT I have just received a long personal letter from [redacted] Most of it relates to Agency matters, but the first paragraph, which I quote below, rather closes the door to your plans as far as he is concerned:

"Thank you for your letter of October 12 concerning Ham Armstrong's proposal. Naturally I was flattered by the proposal, and by your feeling that, if closer, I could be of use to you. But the family is at last putting down roots here, and, short of a national emergency, I'm not going to move them again, "

Sincerely,

*Signed A. W. D.*
